OUR STORY

Not just a bus. *An experience.*

The Love Bus UK is a one-of-a-kind 1968 Plaxton Panorama coach, lovingly restored and rebuilt from the inside out as a luxury mobile VIP green room and pop-up stage for music festivals and live events across the UK.

Stripped back and completely reimaged, the bus features wooden floors, lush velvet theatre seating, a mahogany bar, a resident piano, and a full professional PA and lighting system — all housed within an acoustically insulated, fully self-powered mobile space.

"Built by an artist, for artists."
